Specifications

Input	5V⎓2.1A
Output	5V⎓1.0A / 5V⎓2.1A
Dimension	105mm x 145mm x 14mm
Weight (Powerbank only)	185g (approx.)
Operating Temperature	0°C ~ 45°C
Battery Type	Li-ion battery 3C 10000mAh
Rechargeable Time	5hours (approx.)

* Due to the production batch, the actual battery capacity may be slightly different from the rated capacity.
* Due to the production batch, the actual charging time may be slightly different from the rated charging time.

LED indicators

- Flashing slowly: Battery is low and should be recharged.

Checking the battery status: (Table 1)

Battery Status	LED Indicator	Remarks
Low battery	Flashing slowly	Be ready for recharging
Good condition	Flash 2 times	
Average	Flash 3 times	
Strong	Flash 4 times	
Full	Flash 5 times	Ready to be charged
Charging	Flashing	Not yet fully charged

Product Feature

- Input: Micro USB 5V⎓2.1A, Output: 5V⎓1.0A/5V⎓2.1A
- Dimension: 105mm x 145mm x 14mm
- Weight: 185g (Powerbank only)
- Incorporated charging via USB port (port that is for operating computer or charging cable)
- 3C battery charging
- Type C port for charging only
- Type C or USB port could be simultaneously charge of the devices
- Charging indicator
- Flashing slowly: Battery is low and should be recharged.
- Flash 2 times: Battery status is good condition
- Flash 3 times: Battery status is average
- Flash 4 times: Battery status is strong
- Flash 5 times: Battery status is full
- Flashing: Battery status is charging

Read the instruction manual thoroughly before use. Keep the manual for future reference.

Operating instructions

Charging the powerbank

Connect the Micro USB charging cable (supplied) into the port marked "Micro USB" on the powerbank and the other end into a USB port on a computer or USB charger (not supplied). The LED indicator will flash slowly to show that the powerbank is recharging. Once the LED stops flashing, the powerbank is fully charged.

Charging electronic devices

Connect the Micro USB charging cable into the USB port marked "Micro USB" on the powerbank and the other end into the charging port on the device. The LED indicator will flash to show that the powerbank is discharging.

Checking the battery status: (Table 1)

- Press the power button on the Powerbank to check the battery status. The LED indicator will flash to show the battery status. Refer to the battery status table for more information.
- If the battery status is low, the LED indicator will flash slowly. Recharge the powerbank as soon as possible to avoid damage to the battery.

Caution

- Please read the manual carefully before using the Powerbank.
- Keep the Powerbank away from water, fire, humidity or other extreme environments.
- Do not attempt to disassemble, short circuit, or dispose of the Powerbank in fire.
- Do not use the Powerbank if it is damaged or if the battery is leaking.
- Do not use the Powerbank while it is being charged.
- Do not use the Powerbank while it is being charged by a solar panel.
- Do not use the Powerbank in a car.
- Do not use the Powerbank for other purposes.
- Do not use the Powerbank if the battery is leaking, has a strange smell, is discolored, or is abnormal in any way. If you notice any of these signs, stop using the Powerbank and contact your local dealer.
- Keep the Powerbank out of the reach of children.

Warranty

The Warranty period is 12 months from the date of purchase. Warranty does not cover damage caused by improper use, accidents, or unauthorized repairs. Warranty does not cover consumable parts such as batteries.

Produktmerkmale

- Eingang: Micro USB 5V⎓2.1A, Ausgang: 5V⎓1.0A/5V⎓2.1A
- Abmessungen: 105mm x 145mm x 14mm
- Gewicht: 185g (nur Powerbank)
- Integriertes Aufladen über USB-Port (Port zum Betreiben des Computers oder Ladekabel)
- 3C-Akkuladung
- Type C-Port nur zum Laden
- Type C- oder USB-Port können gleichzeitig das Gerät laden
- Ladeanzeige
- Langsames Blinken: Der Akku ist schwach und muss aufgeladen werden.
- 2 Mal blinken: Der Akkustand ist gut
- 3 Mal blinken: Der Akkustand ist mittelmäßig
- 4 Mal blinken: Der Akkustand ist stark
- 5 Mal blinken: Der Akkustand ist voll
- Blinken: Der Akku wird aufgeladen

Lesen Sie die Bedienungsanleitung vor Inbetriebnahme sorgfältig. Halten Sie die Bedienungsanleitung zur Nutzung auf.

Bedienungsanleitung

Powerbank Akkuladen

Verbinden Sie das Micro USB Ladekabel (im Lieferumfang) mit dem Port „Micro USB" auf der Powerbank und das andere Ende mit einem USB-Port eines Computers oder Ladegerätes (nicht im Lieferumfang). Die LED-Anzeige blinkt langsam, um zu zeigen, dass die Powerbank aufgeladen wird. Sobald die LED-Anzeige nicht mehr blinkt, ist die Powerbank vollständig aufgeladen.

Aufladen von Elektronikgeräten

Verbinden Sie das Micro USB Ladekabel mit dem USB-Port „Micro USB" auf der Powerbank und das andere Ende mit dem Ladeport des Geräts. Die LED-Anzeige blinkt, um zu zeigen, dass die Powerbank entladen wird.

Akkustand prüfen: (Tabelle 1)

- Drücken Sie den Power-Knopf der Powerbank, um den Akkustand zu prüfen. Die LED-Anzeige blinkt, um den Akkustand zu zeigen. Siehe Akkustandstabelle für weitere Informationen.
- Wenn der Akkustand niedrig ist, blinkt die LED-Anzeige langsam. Laden Sie die Powerbank so schnell wie möglich auf, um Schäden am Akku zu vermeiden.

Vorsicht

- Lesen Sie die Bedienungsanleitung vor der Verwendung der Powerbank sorgfältig.
- Halten Sie die Powerbank von Wasser, Feuer, Feuchtigkeit oder anderen extremen Umgebungen fern.
- Versuchen Sie nicht, die Powerbank zu zerlegen, einen Kurzschluss zu verursachen oder sie in Feuer zu entsorgen.
- Verwenden Sie die Powerbank nicht, wenn sie beschädigt ist oder der Akku auslaufen.
- Verwenden Sie die Powerbank nicht während sie aufgeladen wird.
- Verwenden Sie die Powerbank nicht während sie mit einem Solarpanel aufgeladen wird.
- Verwenden Sie die Powerbank nicht in einem Auto.
- Verwenden Sie die Powerbank nicht für andere Zwecke.
- Verwenden Sie die Powerbank nicht, wenn der Akku auslaufen, einen seltsamen Geruch, Verfärbungen oder Anomalien aufweist. Wenn Sie diese Anzeichen bemerken, stoppen Sie die Verwendung der Powerbank und wenden Sie sich an Ihren Fachhändler.
- Halten Sie die Powerbank außerhalb der Reichweite von Kindern.

Garantie

Die Garantiezeit beträgt 12 Monate ab dem Kaufdatum. Die Garantie deckt keine Schäden durch unsachgemäßen Gebrauch, Unfälle oder unbefugte Reparaturen ab. Die Garantie deckt keine Verbrauchsteile wie Batterien ab.

Caractéristiques du produit

- Entrée : Micro USB 5V⎓2.1A, Sortie : 5V⎓1.0A/5V⎓2.1A
- Dimension : 105mm x 145mm x 14mm
- Poids : 185g (Powerbank seulement)
- Charge intégrée par le port USB (port qui est pour le fonctionnement du ordinateur ou le câble de charge)
- Chargeur 3C
- Port Type C pour la charge seulement
- Port Type C ou USB peut être chargé en même temps
- Indicateur de charge
- Clignotant lentement : La batterie est faible et doit être rechargée.
- Flash 2 fois : Batterie en bon état
- Flash 3 fois : Batterie moyenne
- Flash 4 fois : Batterie forte
- Flash 5 fois : Batterie pleine
- Clignotant : Batterie en charge

Lisez attentivement le mode d'emploi avant utilisation. Conservez le mode d'emploi pour référence ultérieure.

Instructions de fonctionnement

Recharge de la batterie Li-ion

Connecter le câble de recharge Micro USB (fourni) dans le port marqué "Micro USB" de la batterie et l'autre extrémité dans un port USB d'un ordinateur ou d'un chargeur USB (non fourni). Le voyant LED clignote lentement pendant la recharge. Une fois le voyant LED éteint, la batterie est pleine.

Recharge d'appareils électroniques

Connecter le câble de recharge Micro USB dans le port USB marqué "Micro USB" de la batterie et l'autre extrémité dans le port de recharge de l'appareil. Le voyant LED clignote pendant la décharge.

Vérifier le niveau de batterie : (Tableau 1)

- Appuyez sur le bouton de la batterie pour vérifier le niveau de batterie. Le voyant LED clignote pendant la décharge. Consultez le tableau de niveau de batterie pour plus d'informations.
- Si le niveau de batterie est faible, le voyant LED clignote lentement. Rechargez la batterie dès que possible pour éviter tout dommage.

Attention

- Lisez attentivement le mode d'emploi avant utilisation.
- Ne pas exposer la batterie à l'eau, au feu, à l'humidité ou à des conditions extrêmes.
- Ne pas démonter, court-circuiter ou jeter la batterie au feu.
- Ne pas utiliser la batterie si elle est endommagée ou si elle fuit.
- Ne pas utiliser la batterie pendant sa recharge.
- Ne pas utiliser la batterie pendant sa recharge par un panneau solaire.
- Ne pas utiliser la batterie dans une voiture.
- Ne pas utiliser la batterie à d'autres fins.
- Ne pas utiliser la batterie si elle fuit, dégage une odeur étrange, est décolorée ou présente une anomalie. Si vous remarquez ces signes, arrêtez d'utiliser la batterie et contactez votre revendeur.
- Tenir la batterie hors de portée des enfants.

Garantie

La période de garantie est de 12 mois à partir de la date de l'achat. La garantie ne couvre pas les dommages causés par une utilisation inappropriée, des accidents ou des réparations non autorisées. La garantie ne couvre pas les pièces consommables telles que les batteries.

Caracteristicas del producto

- Entrada: Micro USB 5V⎓2.1A, Salida: 5V⎓1.0A/5V⎓2.1A
- Dimensión: 105mm x 145mm x 14mm
- Peso: 185g (solo Powerbank)
- Carga incorporada por USB (puerto que es para el funcionamiento del ordenador o cable de carga)
- Carga 3C
- Puerto Type C solo para carga
- Puerto Type C o USB puede cargar el dispositivo al mismo tiempo
- Indicador de carga
- Parpadeo lento: La batería está baja y debe cargarse.
- Parpadea 2 veces: Batería en buen estado
- Parpadea 3 veces: Batería media
- Parpadea 4 veces: Batería fuerte
- Parpadea 5 veces: Batería llena
- Parpadeo: Batería en carga

Lea el manual de instrucciones detenidamente antes de usar. Guarde este manual para futuras referencias.

Instrucciones de funcionamiento

Cargar la batería

Conecte el cable de carga Micro USB (suministrado) al puerto "Micro USB" de la batería y el otro extremo a un puerto USB de un ordenador o cargador USB (no incluido). El indicador LED parpadeará lentamente para mostrar que la batería se está cargando. Cuando el LED deje de parpadear, la batería estará cargada.

Cargar dispositivos electrónicos

Conecte el cable de carga Micro USB al puerto USB "Micro USB" de la batería y el otro extremo al puerto de carga del dispositivo. El indicador LED parpadeará para mostrar que la batería se está descargando.

Comprobar el estado de la batería: (Tabla 1)

- Pulse el botón de encendido de la batería para comprobar el estado de la batería. El indicador LED parpadeará para mostrar el estado de la batería. Consulte la tabla de estado de la batería para más información.
- Si el estado de la batería es bajo, el indicador LED parpadeará lentamente. Recargue la batería lo antes posible para evitar daños en la batería.

Precaución

- Lea el manual de instrucciones con atención antes de usar la batería.
- Mantenga la batería alejada del agua, el fuego, la humedad o otros entornos extremos.
- No intente desmontar, cortocircuitar o arrojar la batería al fuego.
- No utilice la batería si está dañada o si la batería está dañada.
- No utilice la batería mientras se carga.
- No utilice la batería mientras se carga con un panel solar.
- No utilice la batería en un coche.
- No utilice la batería para otros fines.
- No utilice la batería si la batería está dañada, tiene un olor extraño, está descolorida o es anormal de cualquier manera. Si ve cualquier de estas señales, deje de usar la batería y contacte con su distribuidor local.
- Mantenga la batería fuera del alcance de los niños.

Garantía

El periodo de garantía es de 12 meses desde la fecha de compra. La garantía no cubre los daños causados por un uso inadecuado, accidentes o reparaciones no autorizadas. La garantía no cubre las piezas consumibles como las baterías.

Caratteristiche del prodotto

- Ingresso: Micro USB 5V⎓2.1A, Uscita: 5V⎓1.0A/5V⎓2.1A
- Dimensioni: 105mm x 145mm x 14mm
- Peso: 185g (solo Powerbank)
- Ricarica integrata tramite porta USB (porta che è per il funzionamento del computer o cavo di ricarica)
- Ricarica 3C
- Porta Type C solo per ricarica
- Porta Type C o USB può caricare il dispositivo contemporaneamente
- Indicatore di ricarica
- Lampeggio lento: La batteria è scarica e deve essere ricaricata.
- Flash 2 volte: Batteria in buone condizioni
- Flash 3 volte: Batteria media
- Flash 4 volte: Batteria forte
- Flash 5 volte: Batteria piena
- Lampeggio: Batteria in ricarica

Leggere attentamente il manuale d'istruzioni prima dell'uso. Conservare il manuale d'istruzioni per consultarlo successivamente.

Istruzioni di funzionamento

Ricarica della batteria

Collegare il cavo di ricarica Micro USB (in dotazione) alla porta "Micro USB" della batteria e l'altra estremità a una porta USB di un computer o caricatore USB (non in dotazione). Il LED lampeggerà lentamente per indicare che la batteria si sta ricaricando. Quando il LED smette di lampeggiare, la batteria è completamente carica.

Ricarica dispositivi elettronici

Collegare il cavo di ricarica Micro USB alla porta USB "Micro USB" della batteria e l'altra estremità alla porta di ricarica del dispositivo. Il LED lampeggerà per indicare che la batteria si sta scaricando.

Controllo del livello della batteria: (Tabella 1)

- Premere il pulsante di accensione della batteria per controllare il livello della batteria. Il LED lampeggerà per indicare il livello della batteria. Fare riferimento alla tabella del livello della batteria per maggiori informazioni.
- Se il livello della batteria è basso, il LED lampeggerà lentamente. Ricaricare la batteria il più presto possibile per evitare danni alla batteria.

Attenzione

- Leggere attentamente il manuale prima di utilizzare la batteria.
- Tenere la batteria lontana da acqua, fuoco, umidità o altri ambienti estremi.
- Non tentare di smontare, cortocircuitare o gettare la batteria nel fuoco.
- Non utilizzare la batteria se è danneggiata o se la batteria perde.
- Non utilizzare la batteria mentre è in ricarica.
- Non utilizzare la batteria mentre è in ricarica con un pannello solare.
- Non utilizzare la batteria in auto.
- Non utilizzare la batteria per altri scopi.
- Non utilizzare la batteria se la batteria perde, ha un odore strano, è scolorita o presenta anomalie. Se si notano tali segni, interrompere l'utilizzo della batteria e contattare il rivenditore locale.
- Tenere la batteria fuori dalla portata dei bambini.

Garanzia

Il periodo di garanzia è di 12 mesi dalla data di acquisto. La garanzia non copre i danni causati da un uso improprio, incidenti o riparazioni non autorizzate. La garanzia non copre i materiali di consumo come le batterie.

Leia atentamente o manual de instruções antes de usar. A Powerbank. Guarde o manual para futuras referências.

Instruções de funcionamento

Carregar a Powerbank

Ligue o cabo de carga Micro USB (incluído) à porta "Micro USB" da Powerbank e a outra extremidade a uma porta USB de um computador ou carregador USB (não incluído). O indicador LED piscará lentamente para mostrar que a Powerbank está a carregar. Quando o LED parar de piscar, a Powerbank está totalmente carregada.

Carregar dispositivos eletrónicos

Ligue o cabo de carga Micro USB à porta USB "Micro USB" da Powerbank e a outra extremidade à porta de carga do dispositivo. O indicador LED piscará para mostrar que a Powerbank está a descarregar.

Verificar o estado da bateria: (Tabela 1)

- Pressione o botão de ligar da Powerbank para verificar o estado da bateria. O indicador LED piscará para mostrar o estado da bateria. Consulte a tabela de estado da bateria para mais informações.
- Se o estado da bateria estiver baixo, o indicador LED piscará lentamente. Recarregue a Powerbank o mais rápido possível para evitar danos na bateria.

Cuidado

- Leia o manual cuidadosamente antes de usar a Powerbank.
- Mantenha a Powerbank longe da água, fogo, humidade ou outros ambientes extremos.
- Não tente desmontar, curto-circuitar ou descartar a Powerbank no fogo.
- Não utilize a Powerbank se estiver danificada ou se a bateria estiver a vazar.
- Não utilize a Powerbank enquanto ela estiver a carregar.
- Não utilize a Powerbank enquanto ela estiver a carregar com um painel solar.
- Não utilize a Powerbank num carro.
- Não utilize a Powerbank para outros fins.
- Não utilize a Powerbank se a bateria estiver a vazar, tiver um cheiro estranho, estiver descolorida ou for anormal de qualquer forma. Se notar qualquer um destes sinais, pare de usar a Powerbank e contacte o seu revendedor local.
- Mantenha a Powerbank fora do alcance das crianças.

Garantia

O período de garantia é de 12 meses a partir da data de compra. A garantia não cobre danos causados por uso inadequado, acidentes ou reparações não autorizadas. A garantia não cobre peças consumíveis como baterias.

Operating instructions

Charging the powerbank

Connect the Micro USB charging cable (supplied) into the port marked "Micro USB" on the powerbank and the other end into a USB port on a computer or USB charger (not supplied). The LED indicator will flash slowly to show that the powerbank is recharging. Once the LED stops flashing, the powerbank is fully charged.

Charging electronic devices

Connect the Micro USB charging cable into the USB port marked "Micro USB" on the powerbank and the other end into the charging port on the device. The LED indicator will flash to show that the powerbank is discharging.

Checking the battery status: (Table 1)

- Press the power button on the Powerbank to check the battery status. The LED indicator will flash to show the battery status. Refer to the battery status table for more information.
- If the battery status is low, the LED indicator will flash slowly. Recharge the powerbank as soon as possible to avoid damage to the battery.

Caution

- Please read the manual carefully before using the Powerbank.
- Keep the Powerbank away from water, fire, humidity or other extreme environments.
- Do not attempt to disassemble, short circuit, or dispose of the Powerbank in fire.
- Do not use the Powerbank if it is damaged or if the battery is leaking.
- Do not use the Powerbank while it is being charged.
- Do not use the Powerbank while it is being charged by a solar panel.
- Do not use the Powerbank in a car.
- Do not use the Powerbank for other purposes.
- Do not use the Powerbank if the battery is leaking, has a strange smell, is discolored, or is abnormal in any way. If you notice any of these signs, stop using the Powerbank and contact your local dealer.
- Keep the Powerbank out of the reach of children.

Warranty

The Warranty period is 12 months from the date of purchase. Warranty does not cover damage caused by improper use, accidents, or unauthorized repairs. Warranty does not cover consumable parts such as batteries.

Характеристики продукта

- Вход: Micro USB 5V⎓2.1A, Выход: 5V⎓1.0A/5V⎓2.1A
- Размеры: 105мм x 145мм x 14мм
- Вес: 185г (только Powerbank)
- Встроенная зарядка через USB-порт (порт для работы компьютера или зарядного кабеля)
- Зарядка 3C
- Порт Type C только для зарядки
- Порты Type C и USB могут заряжать устройство одновременно
- Индикатор заряда
- Медленное мигание: Батарея разряжена и должна быть заряжена.
- 2 мигания: Батарея в хорошем состоянии
- 3 мигания: Средний заряд
- 4 мигания: Сильный заряд
- 5 миганий: Батарея полностью заряжена
- Мигание: Идет зарядка батареи

Прочтите инструкцию перед использованием. Сохраните инструкцию для использования в будущем.

Инструкция по эксплуатации

Зарядка Powerbank

Подключите кабель для зарядки Micro USB (в комплекте) к порту "Micro USB" на Powerbank, а другой конец к USB-порту компьютера или USB-зарядке (не в комплекте). Индикатор LED будет медленно мигать, показывая, что Powerbank заряжается. Когда индикатор перестанет мигать, Powerbank полностью заряжена.

Зарядка электронных устройств

Подключите кабель для зарядки Micro USB к USB-порту "Micro USB" на Powerbank, а другой конец к порту зарядки устройства. Индикатор LED будет мигать, показывая, что Powerbank разряжается.

Проверка заряда батареи: (Таблица 1)

- Нажмите кнопку питания на Powerbank, чтобы проверить заряд батареи. Индикатор LED будет мигать, показывая заряд батареи. Для получения дополнительной информации см. таблицу состояния батареи.
- Если заряд батареи низкий, индикатор LED будет медленно мигать. Зарядите Powerbank как можно быстрее, чтобы избежать повреждения батареи.

Внимание

- Перед использованием Powerbank внимательно прочтите инструкцию.
- Не допускайте попадания Powerbank в воду, огонь, влажность или другие экстремальные условия.
- Не пытайтесь разобрать, замкнуть накоротко или утилизировать Powerbank в огне.
- Не используйте Powerbank, если она повреждена или если батарея протекает.
- Не используйте Powerbank во время зарядки.
- Не используйте Powerbank во время зарядки от солнечной панели.
- Не используйте Powerbank в автомобиле.
- Не используйте Powerbank для других целей.
- Не используйте Powerbank, если батарея протекает, имеет странный запах, обесцветилась или ведет себя ненормально. Если вы заметили подобные признаки, прекратите использование Powerbank и обратитесь к местному дилеру.
- Держите Powerbank в недоступном для детей месте.

Гарантия

Гарантийный период составляет 12 месяцев с даты покупки. Гарантия не распространяется на повреждения, вызванные ненадлежащим использованием, несчастными случаями или несанкционированным ремонтом. Гарантия не распространяется на расходные детали, такие как батареи.

Właściwości produktu

- Wejście: Micro USB 5V⎓2.1A, Wyjście: 5V⎓1.0A/5V⎓2.1A
- Wymiary: 105mm x 145mm x 14mm
- Waga: 185g (tylko Powerbank)
- Wbudowane ładowanie przez port USB (port, który jest przeznaczony do obsługi komputera lub kabla ładującego)
- Ładowanie 3C
- Port Type C przeznaczony tylko do ładowania
- Porty Type C i USB mogą ładować urządzenia jednocześnie
- Wskaźnik ładowania
- Powolne mrugania: Bateria jest słaba i powinna zostać naładowana.
- Mrugnięcie 2 razy: Bateria w dobrym stanie
- Mrugnięcie 3 razy: Bateria średnia
- Mrugnięcie 4 razy: Bateria mocna
- Mrugnięcie 5 razy: Bateria naładowana
- Mrugnięcie: Bateria ładowana

Przed rozpoczęciem przeczytaj uważnie instrukcję obsługi. Zachowaj instrukcję na przyszłość.

Instrukcja obsługi

Ładowanie powerbanku

Podłącz kabel ładujący Micro USB (dołączony) do portu "Micro USB" powerbanku i drugi koniec do portu USB komputera lub ładowarki USB (nie dołączona). Wskaźnik LED będzie powolnie mrugał, aby pokazać, że powerbank się ładuje. Gdy wskaźnik LED przestanie mrugać, powerbank jest naładowany.

Ładowanie urządzeń elektronicznych

Podłącz kabel ładujący Micro USB do portu USB "Micro USB" powerbanku i drugi koniec do portu ładowania urządzenia. Wskaźnik LED będzie mrugał, aby pokazać, że powerbank się rozładowuje.

Sprawdzanie stanu baterii: (Tabela 1)

- Naciśnij przycisk zasilania powerbanku, aby sprawdzić stan baterii. Wskaźnik LED będzie mrugał, aby pokazać stan baterii. Więcej informacji znajdziesz w tabeli stanu baterii.
- Jeśli stan baterii jest niski, wskaźnik LED będzie powolnie mrugał. Naładuj powerbank jak najszybciej, aby uniknąć uszkodzenia baterii.

Uwaga

- Przed użyciem powerbanku uważnie przeczytaj instrukcję.
- Trzymaj powerbank z dala od wody, ognia, wilgoci i innych ekstremalnych warunków.
- Nie próbuj rozbierać, zwierać lub wrzucać powerbanku w ogień.
- Nie używaj powerbanku, jeśli jest uszkodzony lub jeśli bateria wycieka.
- Nie używaj powerbanku podczas ładowania.
- Nie używaj powerbanku podczas ładowania panelem słonecznym.
- Nie używaj powerbanku w samochodzie.
- Nie używaj powerbanku do innych celów.
- Nie używaj powerbanku, jeśli bateria wycieka, ma dziwny zapach, jest przebarwiona lub w inny sposób nieprawidłowa. Jeśli zauważysz któreś z tych objawów, przestań używać powerbanku i skontaktuj się z lokalnym sprzedawcą.
- Powerbank trzymaj z dala od dzieci.

Gwarancja

Okres gwarancji wynosi 12 miesięcy od daty zakupu. Gwarancja nie obejmuje uszkodzeń spowodowanych nieprawidłowym użytkowaniem, wypadkami lub nieautoryzowanymi naprawami. Gwarancja nie obejmuje materiałów eksploatacyjnych, takich jak baterie.

Ürün Özellikleri

- Giriş: Micro USB 5V⎓2.1A, Çıkış: 5V⎓1.0A/5V⎓2.1A
- Boyutlar: 105mm x 145mm x 14mm
- Ağırlık: 185g (yalnızca Powerbank)
- USB portu aracılığıyla entegre şarj (bilgisayar veya şarj kablosu çalıştırmak için olan port)
- 3C pil şarj
- Type C portu yalnızca şarj
- Type C veya USB portu aynı anda cihazı şarj edebilir
- Şarj göstergesi
- Yavaş yanıp sönme: Pil zayıf ve şarj edilmesi gerekiyor.
- 2 kez yanıp sönme: Pil durumu iyi
- 3 kez yanıp sönme: Pil durumu orta
- 4 kez yanıp sönme: Pil durumu güçlü
- 5 kez yanıp sönme: Pil dolu
- Yanıp sönme: Pil şarj ediliyor

Kullanım kılavuzunu kullanmadan önce dikkatle okuyun. Kılavuzu ileride kullanmak üzere saklayın.

Çalıştırma Talimatları

Powerbank'i şarj etme

Micro USB şarj kablosunu (sağlanan) powerbank'in "Micro USB" yazılı portuna ve diğer ucunu bir bilgisayar veya USB şarj cihazına (sağlanmamıştır) bağlayın. LED göstergesi powerbank'in şarj olduğunu göstermek için yavaş yanıp sönecektir. LED yanıp sönmeyi bırakınca powerbank tam şarj olmuştur.

Elektronik cihazlar şarj etme

Micro USB şarj kablosunu powerbank'in "Micro USB" yazılı USB portuna ve diğer ucunu cihazın şarj portuna bağlayın. LED göstergesi powerbank'in boşalmakta olduğunu gösterecek şekilde yanacaktır.

Pil durumunu kontrol etme: (Tablo 1)

- Pil durumunu kontrol etmek için powerbank'in güç düğmesine basın. LED göstergesi pil durumunu gösterecek şekilde yanacaktır. Daha fazla bilgi için pil durumu tablosuna bakın.
- Pil durumu düşükse, LED göstergesi yavaş yanacaktır. Powerbank'i mümkün olan en kısa sürede şarj edin ki pil hasar görmesin.

Dikkat

- Powerbank'i kullanmadan önce kılavuzu dikkatle okuyun.
- Powerbank'i suyun, ateşin, nemin veya diğer aşırı koşulların olduğu yerlerden uzak tutun.
- Powerbank'i ateşe sokmaya, kısa devre yapmaya veya atmaya çalışmayın.
- Powerbank hasarlıysa veya pil sızıyorsa kullanmayın.
- Powerbank şarj ediliyorken kullanmayın.
- Powerbank güneş paneli ile şarj ediliyorken kullanmayın.
- Powerbank'i arabada kullanmayın.
- Powerbank'i farklı amaçlarla kullanmayın.
- Pil sızıyorsa, garip bir koku varsa, renk değiştirmiş veya anormal bir durum varsa Powerbank'i kullanmayın ve yerel bayiinizle iletişime geçin.
- Powerbank'i çocukların ulaşamayacağı yerlerde tutun.

Garanti

Garanti süresi satın alma tarihinden itibaren 12 ay sürer. Garanti, yanlış kullanım, kazalar veya yetkisiz onarımlar nedeniyle oluşan hasarı kapsamaz. Garanti, pil gibi sarf malzemelerini kapsamaz.
